**Your Business Gets Promoted — For Free.
Your Space Helps Keep Local Businesses Alive.**

TrendCatch is building a powerful network of digital advertising screens across New York and Long Island. These screens help small businesses get noticed and stay open—by reaching people where they already are.

When you host a screen at your location:

- You receive free advertising in your borough
- We install and manage the screen at no cost
- No competitor ads unless you allow it
- You're publicly recognized as a local business supporter

Example: A barbershop in Brooklyn hosts a screen. In return, that barbershop is promoted on screens inside restaurants, bakeries, schools, and more across Brooklyn.

Why We Do It:

Too many small businesses are being left behind. Our mission is to keep them visible, strong, and connected—through shared visibility and community-powered advertising.

Do You Qualify to Host a Screen?

All you need is:

- An empty, visible spot in your store or location that can fit a TV screen
- Wi-Fi access
- A desire to uplift your neighborhood

**Let's Build Something Bigger—Together.
Support your community. Get promoted. Join the movement.**
